*What people are saying:*

"Thank you Toby for opening the door for many who have always wanted to know more but were afraid to ask."

Reverend Sue Henley

"What a brilliant book! I've just finished reading it and like all good books I feel sad that it's come to an end. ...This book would be excellent as a reference book for those on their spiritual journey as well as for those who wish to dip their toe into the psychic realms. There is a wealth of information on all the topics with references to web sites for further studies..."

Tom Czternastek, Psychic Explorer, United Kingdom
